

# **CUSTOM INDUSTRIAL MODULE FOR GAS LEAKAGE DETECTION**

 02 3340 0846  [info@gvzcomp.it](mailto:info@gvzcomp.it)

 Via Magenta 77/16A - 20017 Rho (MI) - Italy

**INNOVATION  
FIRST**

## **Molecular Leakage Module**

This new module is born on the MLD platform for developing a reliable and durable fixed gas detector for professional use in industry applications such as HVAC-R, Oil&Gas and H2 Fuel Cell.

The MLM uses the latest MPS™ technology developed by NevadaNano.

### **MAIN FEATURES**

- MPS™ technology inside
- Single output: Modbus or relay
- Power supply: 5VDC - 12 VDC - 24VDC
- IP grade: IP65
- Full environmental compensation
- Poisoning resistant
- No calibration needed over life
- Operating life: > 15 years
- IEC60335-2-40 compliant
